Phone: 269 792 2262

We are excited to have your child enrolled in the Wayland Union Schools district.

To ensure the safe delivery of your children - all changes and requests (to include half days and new bus stop requests) require a minimum of 3 days notice.

Your child's safety is our greatest concern. For the safety of all children, WUS has a **One Stop One Drop** policy. This means parents/guardians will identify a single location where you want your child dropped off at every day. The morning pick up location and the afternoon drop off location may be different locations, however, the schedule must be **consistent with one pick up location and one drop off location**. We do honor the policy for two household families. Each parent will be allowed one pick up and one drop off location. Therefore, our bus information will include "Address 1" and "Address 2" to accommodate those families. It is also important to note that students may only ride their assigned bus. This policy is in effect for all students at all grade levels. Please contact us if you have any questions.

When school is scheduled for a half day session, we will allow your student to bus to Education Station daycare as an alternate drop off location. We are only allowing this exception for Education Station daycare and no other daycare providers. Your student must be registered with Education Station daycare and arrangements must be made with the **Building Secretary** and the **Transportation Office** in advance of the half day schedule.

ALL elementary students must have a parent/guardian present at the bus stop for the student to get off the bus, or a waiver must be signed. You may request a form from your bus driver and give it back to your child's driver. Please email, hand deliver to your bus driver, or send to the Transportation Department located at 851 Wildcat Dr., Wayland, MI 49348. Please keep in mind a new waiver is required for **each** school year. Thank you for helping us keep your student safe.

ADDRESS CHANGES OR OTHER INFORMATION CHANGES: Can only be made through your Infinite Campus Parent Portal or through your child's school building office. Thank you for the opportunity to serve you by transporting the most precious cargo we could ever carry - your children.
